• PRESIDENT'S MESSAGE •

Welcome sweet Springtime everybody! Have you ever seen Bayside Hills look more beautiful? Early spring flowers are the surest sign that warmer weather is coming. These bulbs, perennials, and trees provide a splash of color before many other plants have started to leaf out after a long winter. Once you spot these blooms, by glancing out your window or even venturing outside, and see our neighborhood blossom in all its glory, you'll know it's soon time to get back to work in your garden.

One particular heart warming sight you can see here. This was taken early April. It is our 9/11 sapling that was planted last September and as you can see, it is looking nice, healthy, and beginning to bloom. The other photo is from our actual sapling planting ceremony, around the time of our annual BHCA 9/11 memorial ceremony.

Just to make everything official, and certainly this should not be a surprise to anyone, except for this online Bayside Hills Beacon, the Bayside Hills Civic Association has cancelled our entire April schedule which includes the April 25th Mall Clean-Up Fest, and our April 28th General Meeting at the Colonial Church. Nevertheless, still scheduled (if it's safe) is our May 23rd Memorial Day Observance 9:30 on our Bell Mall by the flagpole, Bell Boulevard and 53rd Avenue.

Fortunately, thanks to modern day technology, in particular ZOOM Video Conferencing, the BHCA was able to conduct an April Board of Directors' meeting and mid week State Senator John Liu conducted a ZOOM discussion with other civic presidents. Some of the issues included:

Testing: NYS operates a COVID-19 drive-through testing site at Aqueduct Racetrack in Queens. There are also drive-through testing sites in the Bronx at Coop City and Lehman College. To make an appointment for testing, call the NYS Department of Health at 888-364-3065. These sites will prioritize symptomatic individuals who have had close exposure to a positive COVID-19 case, healthcare workers and first responders displaying symptoms, and those working in or having recently visited a nursing home who exhibit COVID-19 symptoms.

Parks and Social Distancing: We will check in with NYC, NYPD and the Parks Department about Little Bay Park and fishing off of 233rd St. If there are other locations in the area where people are not following social distancing guidelines, please let us know.

Census: We have been asked to complete the census, and Senator Liu will continue to encourage the entire community and safety of the occupants, or to continue a project if it would be unsafe to allow it to remain undone until it is safe to shut the site). Please let Senator Liu's office know if there are any construction projects going on and we can check into whether they are happening on an emergency basis.

• BAYSIDE HILLS CIVIC ASSOCIATION •

Gloves and Mask Litter: We have flagged the increase of gloves and masks on the streets for DSNY.

Construction: For your information, the Governor's Executive Order mandates that all non-essential construction must shut down except emergency construction, (e.g. a project necessary to protect health and safety of the occupants, or to continue a project if it would be unsafe to allow it to remain undone until it is safe to shut the site). Please let Senator Liu's office know if there are any construction projects going on and we can check into whether they are happening on an emergency basis.

We trust everybody is following the social distancing rules, covering your mouth and nose when outdoors, staying home if you are not an essential worker, and doing everything possible to "flatten that curve." There are so many people out there who must be in our prayers, such as our first responders, grocers, delivery people, FDNY, NYPD, DSNY, truck drivers, transit workers, and so many others. Here in our city, at 7:00 PM, thousands of people sheltering have been standing on their porches, balconies, near their windows, etc., to applaud first responders and health care workers on the frontlines of the Coronavirus outbreak. Recently, here in Bayside Hills, people have been joining in this observance by applauding to acknowledge these brave caretakers. Hopefully more people can join us each evening. Photo below can be seen on 212th street:

*Welcome sweet Springtime! We greet thee in song,
Murmurs of gladness fall on the ear;
Voices long hushed now their full notes prolong
Echoing far and near.*

*Sunshine now wakes all the flow'rets from sleep,
Joy-giving incense floats on the air;
Snow-drop and primrose both timidly peep,
Hailing the glad new year.*

*Balmy and life-breathing breezes are blowing,
Swiftly to nature new vigor bestowing.
Ah, how my heart beats with rapture anew,
As earth's fairest beauties again meet my view.*

*Sing then, ye birds: raise your voices on high;
Flow'rets awake ye! Burst into bloom!
Springtime is come! and sweet Summer is nigh,
Sing then, ye birds, O sing! Voices of the Woods*

*--also known as: Welcome, Sweet Springtime! w.,

Community Support During Covid-19

In the midst of this isolating time the families on 212th Street between 53rd and 56th Avenues have found a way to stay connected while maintaining social distancing. **Each night at 7:00pm neighbors clap and bang pots and pans to recognize our city's healthcare workers who put themselves in harms way to save lives.** We encourage you do the same on your street. Just stay safe and distanced.

BE SAFE! Don't LITTER!

Littering never had a place in Bayside Hills and it surely doesn't now. For anyone who wear gloves or any protective masks in public, the safest practice is to remove them and dispose of them in a plastic-lined garbage bin that can be tied shut and be tossed out properly. If someone's in public and can't find a proper trash bin, they should take the PPE home and dispose of it in a sealed garbage can.

Advantages of wearing gloves

- Acts as a barrier and an extra layer over hands that are contaminated with pathogenic organisms
- Can be useful if someone returns to work and is recovering from a virus
- Customer reassurance and satisfaction

Disadvantages of wearing gloves

- Can be contaminated themselves and can cause cross contamination if the glove had touched any other surfaces
- Can create illusion of false security in mind of wearer
- May not be changed frequently enough

Guidelines for proper glove use

- Decontaminate hands before putting on gloves
- Remove contaminated gloves before touching other surfaces
- Change gloves immediately after contaminated material is touched
- Do not reuse disposable gloves
- Always dispose gloves before using the toilet/restroom
